

Contemporary Art Practices Visual Art Summer Intensive Aug 7th – Aug 24th 2018

Contemporary Art Practices is a three-week visual art intensive specifically designed for youth between the age of 15 and 19 interested in advancing their visual art practice.

The Intensive is a stimulating and challenging experience for young artists committed to experimentation and pushing the boundaries of their own art making in a supportive studio environment. Participants will have the opportunity to work with leading artists, curators, and educators in Vancouver as they explore a range of contemporary art practices.

The program will introduce participants to creative new approaches to making art through a series of workshops with artists at Arts Umbrella and exhibition making with the Contemporary Art Gallery.

Throughout the program, participants will engage in critiques and discussions about developing ideas, working with materials, and viewing works of art. The program will culminate in an exhibition at the Contemporary Art Gallery.

Fee covered by scholarship
