

Pre-Professional Theatre Training Program 2020-21 Audition Package

What is the Arts Umbrella Pre-Professional Theatre Training Program?

The Arts Umbrella Pre-Professional Theatre Training Program consists of the Senior Theatre Troupe, the Junior Theatre Troupe, the Musical Theatre Troupe, the Laboratory Theatre Troupe, the Shakespeare Troupe, as well as the Young Directors Program. These yearlong programs are structured to offer aspiring actors, and directors, a space to sharpen their skills, increase their confidence, and expand their network. Vocal, movement, and theatrical exercises help develop teamwork and cooperation, discipline and technique, creative expression, and individual artistry. Our instructors are industry professionals who help students explore their artistic potential. Many of our students have gone on to post-secondary theatre programs and professional acting careers around the world.

The Arts Umbrella Pre-Professional Theatre Program is a September to June commitment (with extra rehearsals necessary to prepare for performances, usually during November, December, March, April, and May). Students **MUST** be prepared to put a lot of energy and time into training and preparation for tour and stage performances. Participants are chosen by audition to take part in the program and will be placed in the Troupe that best fits the students' age, experience, skill set, and goals.

Please note that the Pre-Professional Theatre Training Program is a full year commitment and requires a significant investment of time, energy and focus throughout the year in order to get the most from the program. Performance Opportunities:

Due to the evolving circumstances of COVID-19, theatre performances will not look the same as they once did this year. We are committed to creating performance opportunities for our yearlong theatre students and are looking into the possibilities of socially distant performances and pre-filmed performances to be shared with a socially distant or online audience.

Performance opportunities may include radio plays, staged readings of plays and musicals, outdoor cabarets and small group singing, and fundraising events throughout the year.

Important note: Because our pre-professional program is designed for those who are considering theatre and the performing arts as a career path, a significant amount of at-home preparation and regular attendance is expected of all students. Missed classes may require changes in casting for our in-house productions. Families are asked to consider this carefully when choosing to audition for the program.

Get your acting career started with intensive training in voice, movement, non-verbal exercises and professional audition techniques. This year-long program focuses on developing the actor's process, and developing your abilities in finding voice and emotional connection. Focus on developing your process and audition repertoire and scene work in the Fall session. Winter and Spring sessions are dedicated to mounting a professional production that tours to secondary schools across Metro Vancouver. Students also showcase their work as a part of Winter Shorts, and the Expressions Festival, as well as other performance opportunities throughout the year. Past productions include: "As You Like It" (2020), "Animal Farm" (2019), "The Phoenician Women" (2018), "The Complete Works Of William Shakespeare: Abridged" (2017), "Julius Caesar" (2016), and "The Martian Chronicles" (2015).

The Fall Session is dedicated to intensive training that develops strong rehearsal techniques and encourages a sense of ensemble. Winter and Spring Sessions focus on mounting a professional production to tour Metro Vancouver elementary schools. Students also showcase their work as a part of Winter Shorts, and the Expressions Festival, as well as other performance opportunities throughout the year. Past productions include: "Dorothy Meets Alice" (2020), "Peter Pan" (2019) "Charlie and the Chocolate Factory" (2018), "Charlotte's Web" (2017), "Story Stew: A Fairy Tale Revue" (2016), and "Alice In Wonderland" (2015).

Actors can expect to expand their audition repertoire, develop their voice, and learn advanced singing, dancing, and acting techniques. Musical Theatre Troupe members showcase their work as a part of Winter Shorts, and end the year with either a full-length or school length Broadway Musical as part of our Expressions Festival, as well as other performance opportunities throughout the year. Similar to the work done in the other Pre-Professional Troupes, students gain a deeper understanding of the actor's process, with a greater emphasis on creating original work and sharing knowledge.
